INFINITA

Art of INFINITA

INFINITA has evolved over the years to exclusively devote its specialty in the construction of durable and reliable products, to meet your every concrete needs.

We produce high-quality products such as concrete imprints, pebble wash, ramp "O" ring traction as well as special ramp groove line, broom finishes and wash aggregates.

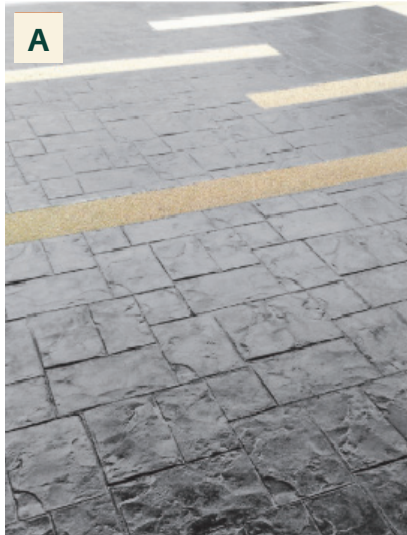

Creating sustainable and cost-effective solutions, INFINITA is equipped with an impressive design system that incorporates colours, patterns, textures to even plain concrete floorings. We bring your concept to reality, promising you fabulous aesthetic architectural qualities while ensuring long-lasting hard-wearing surfaces which gives hassle-free maintenance.
